MANAGEMENT DISCUSSION AND ANALYSIS REPORT**Overview of the Company**

We, SACHETA METALS LIMITED, a Public Limited Company established in the year 1990. The Registered Office and Manufacturing Unit of our Company is situated at Sacheta Udyog Nagar, Opp.College, Mahiyal, TALOD-383215 Gujarat. Our Corporate Office is situated at the Business Capital Centre of India Mumbai @ Sakseria Industrial Estate, S.V.Road, Malad (West), Mumbai 400064 (INDIA).

We, SACHETA METALS LIMITED, are one of the major manufacturers & exporters of Aluminium, Stainless and mild steel Houseware kitchenware Utensils - Casting - Sheet - Coils - Circles, Non Stick Cookware - Pressure Cooker, Foil Chaquered sheet, PP Caps / Slug & other Houseware & also Stainless Steel Kitchenware in India.

Prospects

Despite growing significance of cheaper substitute, the Rs 3200-crore aluminium utensil industry is set to witness between 15 and 20 per cent growth in the next two years due to high resale value of items. The industry has recorded an average growth of 15 per cent in the last three years in spite of economic turmoil.

The estimates assume significance as the utensil sector alone consumes nearly 20 per cent of the overall aluminum consumption in India and sets the direction for aluminium producers for production capacity. The sector also establishes the changing consumers' sentiment who along with immediate need, think returns before considering investment.

Utensils made of stainless steel (SS) directly compete with that of aluminium. But, on the price front, SS utensil lags behind. SS utensils are available at one-fourth of the price of aluminium utensils. Hence, consumers opt for SS utensil for immediate needs. But, those who can afford costlier items and aim it as an investment, buy aluminium utensils.

Compare this: SS utensil scrap is generally dumped for no value while the aluminium utensils scrap is kept safe for selling it back to local retailer at slightly discount of new utensils.

While the industry was growing at about 10 per cent annually until three years ago, new innovations in product portfolio kept the

consumers' confidence up and the overall growth intensified further to 15 per cent in the last three years. Cookware like non-stick pans and pressure cookers are gaining more popularity in kitchens across all segments of population.

Almost 95 per cent of these products are made of recycled metal wherein there is no price differential for the products based on recycled or virgin metal. Garg said this was because the metal loses none of its original properties in the recycling process. Also, the issues of contamination in recycled metal were duly taken care of by the industry. The utensil manufacturers source the raw material from scrap traders, who collect used aluminium articles from rag pickers and petty collectors.

Nearly 15 per cent of the aluminium utensils produced in the country is exported to West Asia, Europe and African countries.

Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub - section 3 of Section 143 of the Companies Act, 2013 ("the Act")
We have audited the internal financial controls over financial reporting of Sacheta Metals Limited ("the Company") as of 31 March 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those

Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted

accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India

Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

b) Non - financial assets

Company assesses at each reporting date whether there is any objective evidence that a non-financial asset or a group of non-financial assets is impaired. If any such indication exists, the Company estimates the amount of impairment loss.

The carrying amount of deferred tax asset is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period to recover or settle the carrying amount of its assets and liabilities.
